(when services are received from a Humana Transplant Network Provider)	Same as any other covered condition (covered expenses are limited to a maximum benefit of \$35,000 per transplant)
Behavioral Health (mental health and substance abuse services)		
• Inpatient services	Same as any other covered condition	Same as any other covered condition
• Outpatient therapy sessions		
Lifetime Maximum Benefit		Unlimited

Prior authorization

Humana sometimes requires preauthorization for some services and procedures your physician or other provider may recommend for you. Humana does this solely to determine whether the service or procedure qualifies for payment under your benefit plan. You and your health care provider decide whether you should have such services or procedures. Humana's preauthorization determination relates solely to payment by Humana. To find a list of services and supplies that require preauthorization for coverage, please visit our Website at [Humana.com/members/tools](https://www.humana.com/members/tools) or call Customer Service.

Failure to obtain necessary preauthorization when required may result in a reduction of otherwise payable benefits. Your health care practitioner should call Customer Service to obtain preauthorization.

Payments

Participating providers agree to accept amounts negotiated with Humana as payment in full. The member is responsible for any required deductible, coinsurance, or other copayments. Plan benefits paid to nonparticipating providers are based on maximum allowable fees, as defined in your Certificate of Insurance.

Nonparticipating providers may balance bill you for charges in excess of the maximum allowable fee. You will be responsible for charges in excess of the maximum allowable fee in addition to any applicable deductible, coinsurance, or copayment. Additionally, any amount you pay the provider in excess of the maximum allowable fee will not apply to your out-of-pocket limit or deductible.

Primary care and specialist physicians and other providers in Humana's networks are not the agents, employees or partners of Humana or any of its affiliates or subsidiaries. They are independent contractors. Humana is not a provider of medical services. Humana does not endorse or control the clinical judgment or treatment recommendations made by the physicians or other providers listed in network directories or otherwise selected by you.

To be covered, expenses must be medically necessary and specified as covered. Please see your Certificate for more information on medical necessity and other specific plan benefits.

- (1) You are not required to meet individual deductibles once the family deductible has been met.
- (2) Copayments for visits to primary care physicians, as defined in the plan, are generally lower than for visits to specialists. The following are generally defined as primary care physicians under your plan: general practitioner, family practitioner, pediatrician or internist.
- (3) Ambulance transportation and/or services received in an emergency room are not covered unless required because of emergency care, as defined in your Certificate.
- (4) Visit and day limits are combined for participating and nonparticipating providers.

Before applying for coverage, please refer to the Regulatory Pre-enrollment Disclosure Guide for a description of plan provisions which may exclude, limit, reduce, modify or terminate your coverage. Limitations and exclusions to coverage apply even if a health care practitioner has performed or prescribed a medically appropriate procedure, treatment or supply. This does not prevent your health care practitioner from providing or performing any procedure, treatment or supply. This guide is available at [Humana.com/members/enrollment-center/pre-enrollment-disclosures](https://www.humana.com/members/enrollment-center/pre-enrollment-disclosures) or through your sales representative.

For general questions about the plan, contact your benefits administrator.

Insured by Humana Health Plan, Inc.

HUMANA HEALTH PLAN, INC./HUMANA INSURANCE COMPANY: KY SP & CPY

Beginning on or after: 01/01/2014

Summary of Benefits and Coverage: What this Plan Covers & What it Costs

Coverage For: Individual + Family | Plan Type: PPO

This is only a summary. If you want more detail about your coverage and costs, you can get the complete terms in the policy or plan document at www.humana.com or by calling 1-866-4ASSIST (427-7478).

Important Questions	Answers	Why this Matters:
What is the overall deductible?	<p>Network: \$1,000 Individual / \$3,000 Family</p> <p>Non-Network: \$3,000 Individual / \$9,000 Family</p> <p>Doesn't apply to prescription drugs. Co-insurance and co-payments don't count toward the deductible</p>	<p>You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible starts over (usually, but not always, January 1st). See the chart starting on page 3 for how much you pay for covered services after you meet the deductible.</p>
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services, but see the chart starting on page 3 for other costs for services this plan covers.
Is there an out-of-pocket limit on my expenses	<p>Yes. For Network providers \$3,000 Individual / \$9,000 Family</p> <p>For Non-Network providers \$9,000 Individual / \$27,000 Family</p>	<p>The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.</p>

Questions: Call 1-866-4ASSIST (427-7478) or visit us at www.humana.com.

If you aren't clear about any of the underlined terms used in this form, see the Glossary. You can view the Glossary at www.dol.gov/ebsa/healthreform or call 1-866-4ASSIST (427-7478) to request a copy.

What is not included in the <u>out-of-pocket limit</u>?	Premiums, Balance-billed charges, Health care this plan doesn't cover, Penalties	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Is there an overall annual limit on what the plan pays?	No.	The chart starting on page 3 describes any limits on what the plan will pay for <i>specific</i> covered services, such as office visits.
Does this plan use a <u>network of providers</u>?	Yes. See www.humana.com or call 1-866-4ASSIST (427-7478) for a list of Network providers.	If you use a network doctor or other health care provider , this plan will pay some or all of the costs of covered services. Be aware, your network doctor or hospital may use a non-network provider for some services. Plans use the term network, preferred , or participating for providers in their network . See the chart starting on page 3 for how this plan pays different kinds of providers .
Do I need a referral to see a <u>specialist</u>?	No.	You can see the specialist you choose without permission from this plan.
Are there services this plan doesn't cover?	Yes.	Some of the services this plan doesn't cover are listed on page 6. See your policy or plan document for additional information about <u>excluded services</u> .

- **Copayments** are fixed dollar amounts (for example, \$15) you pay for covered health care, usually when you receive the service.
- **Coinsurance** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the plan's allowed amount for an overnight hospital stay is \$1,000, your coinsurance payment of 20% would be \$200. This may change if you haven't met your deductible.
- The amount the plan pays for covered services is based on the **allowed amount**. If a non-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if a non-network hospital charges \$1,500 for an overnight stay and the allowed amount is \$1,000, you may have to pay the \$500 difference. (This is called **balance billing**.)
- This plan may encourage you to use network **providers** by charging you lower **deductibles**, **copayments** and **coinsurance** amounts.

Common Medical Event	Services You May Need	Your Cost If You Use a Network Provider	Your Cost if You Use a Non-Network Provider	Limitations & Exceptions
If you visit a health care provider's office or clinic	Primary care visit to treat an injury or illness	\$25 copay/visit	50% coinsurance	—————none—————

Excluded Services & Other Covered Services:

Services Your Plan Does NOT Cover (This isn't a complete list. Check your policy or plan document for other excluded services.)		
<ul style="list-style-type: none">• Bariatric surgery for morbid obesity• Child dental check-up• Child eye exam• Child glasses• Cosmetic surgery, unless to correct a functional impairment	<ul style="list-style-type: none">• Dental care (Adult), unless for dental injury of a sound natural tooth• Hearing aids• Infertility treatment• Long-term care• Non-emergency care when traveling outside the U.S.	<ul style="list-style-type: none">• Private-duty nursing• Routine eye care (Adult)• Routine foot care• Weight loss programs
Other Covered Services (This isn't a complete list. Check your policy or plan document for other covered services and your costs for these services.)		
<ul style="list-style-type: none">• Acupuncture, if prescribed by a physician for rehabilitation purposes	<ul style="list-style-type: none">• Chiropractic care - spinal manipulations are covered	

Your Rights to Continue Coverage:

If you lose coverage under the plan, then, depending upon the circumstances, Federal and State laws may provide protections that allow you to keep health coverage. Any such rights may be limited in duration and will require you to pay a **premium**, which may be significantly higher than the **premium** you pay while covered under the plan. Other limitations on your rights to continue coverage may also apply.

For more information on your rights to continue coverage, contact the plan at 1-866-4ASSIST (427-7478). You may also contact your state insurance department, the U.S. Department of Labor, Employee Benefits Security Administration at 1-866-444-3272 or www.dol.gov/ebsa, or the U.S. Department of Health and Human Services at 1-877-267-2323 x61565 or www.cciio.cms.gov.

Your Grievance and Appeals Rights:

If you have a complaint or are dissatisfied with a denial of coverage for claims under your plan, you may be able to **appeal** or file a **grievance**. For questions about your rights, this notice, or assistance, you can contact:

Humana, Inc.: www.humana.com or 1-866-4ASSIST (427-7478)

Department of Labor Employee Benefits Security Administration: 1-866-444-EBSA (3272) or www.dol.gov/ebsa/healthreform

Department of Insurance, PO Box 517, Frankfort, KY 40602-0517, Phone: 502-564-3630 or 800-595-6053 or TTY: 800-648-6056

Department of Insurance, Consumer Protection Division, PO Box 517, Frankfort, KY 40602-0517, Website: <http://insurance.ky.gov>,

Email: DOI.CAPOmbudsman@ky.gov, Phone: 877-587-7222

Does this Coverage Provide Minimum Essential Coverage?

The Affordable Care Act requires most people to have health care coverage that qualifies as "minimum essential coverage." **This plan or policy does provide minimum essential coverage.**

Does this Coverage Meet the Minimum Value Standard?

The Affordable Care Act establishes a minimum value standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). **This health coverage does meet the minimum value standard for the benefits it provides.**

—————*To see examples of how this plan might cover costs for a sample medical situation, see the next page.*—————

About these Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

This is not a cost estimator.

Don't use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care will also be different.

See the next page for important information about these examples.

Having a baby (normal delivery)

- Amount owed to providers: \$7,540
- Plan pays *
- Patient pays *

Sample care costs:

Hospital charges (mother)	\$2,700
Routine obstetric care	\$2,100
Hospital charges (baby)	\$900
Anesthesia	\$900
Laboratory tests	\$500
Prescriptions	\$200
Radiology	\$200
Vaccines, other preventive	\$40
Total	\$7,540

Patient pays:

Deductibles	★
Copays	★
Coinsurance	★
Limits or exclusions	★
Total	★

Managing type 2 diabetes (routine maintenance of a well-controlled condition)

- Amount owed to providers: \$5,400
- Plan pays *
- Patient pays *

Sample care costs:

Prescriptions	\$2,900
Medical Equipment and Supplies	\$1,300
Office Visits and Procedures	\$700
Education	\$300
Laboratory tests	\$100
Vaccines, other preventive	\$100
Total	\$5,400

Patient pays:

Deductibles	★
Copays	★
Coinsurance	★
Limits or exclusions	★
Total	★

* Coverage Examples are not complete at this time. Example amounts for the "Patient pays" and "Plan pays" fields will be available at a later date.

Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don't include **premiums**.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from network **providers**. If the patient had received care from non-network **providers**, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how **deductibles**, **copayments**, and **coinsurance** can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

Does the Coverage Example predict my own care needs?

***No.** Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

***No.** Coverage Examples are **not** cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your **providers** charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

✓ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

✓ **Yes.** An important cost is the **premium** you pay. Generally, the lower your **premium**, the more you'll pay in out-of-pocket costs, such as **copayments**, **deductibles**, and **coinsurance**. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.

Questions: Call 1-866-4ASSIST (427-7478) or visit us at www.humana.com.

If you aren't clear about any of the underlined terms used in this form, see the Glossary. You can view the Glossary at www.dol.gov/ebsa/healthreform or call 1-866-4ASSIST (427-7478) to request a copy.

Orthodontia

Child orthodontia—covers children through age 18.
Plan pays 50 percent (no deductible) of the covered orthodontia services, up to:
\$1,000 lifetime orthodontia maximum

Non-participating dentists can bill you for charges above the amount covered by your HumanaDental plan.
To ensure you do not receive additional charges, visit a participating PPO Network dentist.

Waiting periods and frequency/age limits may apply.

Choose HumanaDental benefits

Be healthy

Good dental health is a reflection of good overall health. For example, the Academy of General Dentistry says there is a link between gum disease and heart problems, and the American Academy of Periodontology says severe gum disease can increase blood sugar, increasing the risk among diabetics. HumanaDental's PPO plan focuses on prevention, providing two exams and cleanings per calendar year.

Be financially-savvy

Your dentist can often detect medical issues before they become severe. HumanaDental's PPO plan offers you a long list of covered services to take care of your health and your pocketbook.

Be successful

Did you know 74 percent of adult Americans believe that an unattractive smile could hurt a person's chances for career success? That's according to the American Academy of Cosmetic Dentistry. HumanaDental's PPO plan helps you maintain a healthy and attractive smile.

Questions?

Check out www.humanadental.com

Call 1-800-233-4013 anytime for automated information line or 8 a.m. to 6 p.m. for a customer service representative.

Use your HumanaDental benefits

Find a dentist

With HumanaDental's PPO plan, you can see any dentist. You save more money and you receive more benefits when you visit a dentist in HumanaDental's PPO Network. To find a dentist in HumanaDental's PPO Network, log on to www.humanadental.com or call 1-800-233-4013.

Know what your plan covers

The other side of this page gives you a summary of HumanaDental benefits. Your plan certificate describes in detail your HumanaDental benefits. You can find it on www.humanadental.com or call 1-800-233-4013.

See your dentist

Simply present your HumanaDental identification (ID) card when you see your dentist. It contains all the information your dentist needs to submit your claims.

Learn what your plan paid

After HumanaDental processes your dental claim, you will receive an explanation of benefits. An explanation of benefits provides detailed information on covered dental services, amounts paid, plus any amount you may owe your dentist. You can also check the status of your claim on www.humanadental.com or by calling 1-800-233-4013.

Insured or administered by The Dental Concern Inc.

This is not a complete disclosure of plan qualifications and limitations. Your broker will provide you with specific limitations and exclusions as contained in the Regulatory and Technical Information Guide. Please review this information before applying for coverage. The amount of benefits provided depends upon the plan selected. Premiums will vary according to the selection made.

Be healthy

Good dental health is a reflection of good overall health. For example, the Academy of General Dentistry says there is a link between gum disease and heart problems, and the American Academy of Periodontology says severe gum disease can increase blood sugar, increasing the risk among diabetics. HumanaDental's Traditional Preferred plan focuses on prevention, providing two exams and cleanings per calendar year.

Be financially-savvy

Your dentist can often detect medical issues before they become severe. HumanaDental's Traditional Preferred plan offers you a long list of covered services to take care of your health and your pocketbook.

Be successful

Did you know 74 percent of adult Americans believe that an unattractive smile could hurt a person's chances for career success? That's according to the American Academy of Cosmetic Dentistry. HumanaDental's Traditional Preferred plan helps you maintain a healthy and attractive smile.

Questions?

Check out www.humanadental.com

Call 1-800-233-4013 anytime for automated information line or 8 a.m. to 6 p.m. for a customer service representative.

Use your HumanaDental benefits

Find a dentist

With HumanaDental's Traditional Preferred plan, you can see any dentist. You save up to 30 percent on out-of-pocket costs when you visit a dentist in HumanaDental's PPO Network. To find a dentist in HumanaDental's PPO Network, log on to www.humanadental.com or call 1-800-233-4013.

Know what your plan covers

The other side of this page gives you a summary of HumanaDental benefits. Your plan certificate describes in detail your HumanaDental benefits. You can find it on www.humanadental.com or call 1-800-233-4013.

See your dentist

Simply present your HumanaDental identification (ID) card when you see your dentist. It contains all the information your dentist needs to submit your claims.

Learn what your plan paid

After HumanaDental processes your dental claim, you will receive an explanation of benefits. An explanation of benefits provides detailed information on covered dental services, amounts paid, plus any amount you may owe your dentist. You can also check the status of your claim on www.humanadental.com or by calling 1-800-233-4013.

Insured or administered by The Dental Concern Inc.

This is not a complete disclosure of plan qualifications and limitations. Your broker will provide you with specific limitations and exclusions as contained in the Regulatory and Technical Information Guide. Please review this information before applying for coverage. The amount of benefits provided depends upon the plan selected. Premiums will vary according to the selection made.

HumanaDental

Simply here for you

DENTAL**

Choose HumanaDental benefits

Be healthy

Good dental health is a reflection of good overall health. For example, the Academy of General Dentistry says there is a link between gum disease and heart problems, and the American Academy of Periodontology says severe gum disease can increase blood sugar, increasing the risk among diabetics. HumanaDental's Preventive Plus plan focuses on prevention, providing two exams and cleanings per calendar year.

Be successful

Did you know 74 percent of adult Americans believe that an unattractive smile could hurt a person's chances for career success? That's according to the American Academy of Cosmetic Dentistry. HumanaDental's Preventive Plus plan helps you maintain a healthy and attractive smile.

How to view a copy of a member dental identification (ID) card

What happens if a new Humana member needs to pick up a prescription or visit the dentist's office and hasn't yet received a member ID card?

Members will have access to view and print their dental ID cards via the website or mobile app within 10 working days of enrollment.

Here's how:

- Go to [Humana.com](https://www.humana.com) and log in/register for MyHumana
- Click "Access your ID Card" under **Tools & forms** in the lower right of your MyHumana home page or in the page's footer under **Tools & Resources**.
- A new window will appear with links to the ID Card or Proof of Coverage.
- Print if desired.

If your company contact hasn't received a group number and/or an employee is not yet "active" in Humana's system, the employee should inform the provider about the change in carriers, and ask to delay billing. An employee who is required to pay for services up-front can submit a detailed receipt from the provider to Humana for possible coverage consideration. Call Customer Care at 1-866-4ASSIST (1-866-427-7478) for more information.

The screenshot shows the MyHumana website interface. At the top, there's a navigation bar with links for Member Support, Español, Account & Settings, and Sign out. Below that, a user profile for Theresa is displayed with Silver status and 2,306 Vitality Points. The main content area is divided into sections: Coverage & claims, Your active coverage (Medical, Dental, Pharmacy, Vision), Spending accounts, Find a doctor, and Tools & forms. The 'Tools & forms' section is highlighted with a yellow circle and a black arrow pointing to the 'Access your ID Card' link. At the bottom, there's a footer with a grid of links under the heading 'Humana. Have questions? Contact us'. The 'Tools & Resources' column in the footer also has 'Access your ID Card' highlighted with a yellow circle and a black arrow.

Personal Nurse[®]

Healthcare can be a maze. Ever wish you had someone to help you find your way?

Personal Nurse is a phone-based service, but it's different from a nurse-on-call hotline. Participants talk to their nurse about serious health issues, chronic conditions, and their overall well-being. You talk to the same nurse every time – a nurse who takes the time to understand your unique situation.

[Humana.com](https://www.humana.com)

Humana[®]

A Partnership for Better Health

Personal Nurses provide education specific to your health and healthy lifestyle tips. They provide guidance about benefits, pre- and post-hospitalization counseling, and help you fully understand your health benefit options and choices. Personal Nurses help you navigate the healthcare system, work better with your doctor, and make smart health decisions with confidence.

What does a Personal Nurse do?

A Personal Nurse:

- Offers information – The nurse will help you identify health goals, explore treatment options with you, and guide you to resources so you can make informed decisions and take control of your health.
- Develops a personal relationship – You'll be able to stay with your Personal Nurse as long as you remain a Humana member.
- Collaborates with you – The Personal Nurse service doesn't replace your doctor. Instead, the nurse will help you communicate with your caregivers and work with your doctor so you can make decisions with confidence.
- Provides a sounding board – The Personal Nurse will help you gain control of your health – not just manage your symptoms. Sometimes having someone to talk to can mean the difference between you controlling a disease or it controlling you.

Working with your schedule

Personal Nurses work flexible hours, so the nurse can work with your schedule. During your phone calls, you will work with your nurse to decide future times you can talk. In addition, you'll receive a welcome letter with your Personal Nurse's business card and phone extension, so you can call your Personal Nurse as health concerns arise. All conversations are confidential.

You might be eligible for this program that helps you take charge of your health and fit healthy choices into your life – at no additional cost to you.

Registered nurses are available to help you.

Call Personal Nurse:

Humana

Humana.com

Savings Center:

One more reason to **choose** Humana

The Savings Center is a great place to find ways to lower the cost of staying healthy. Take advantage of these Humana member discounts as often as you like:

Vision discount programs

- **EyeMed – 1-866-392-6056**

Discounts on routine exams, eyeglass frames and lenses – including a wide range of lens options – contact lenses, and laser correction.

To receive your EyeMed discount:

- Visit Physician Finder Plus on **Humana.com** to locate an EyeMed Vision provider near you
- Tell the EyeMed provider you're a Humana member with EyeMed Vision benefits
- Print the discount ID card – you'll find a link on the EyeMed, TruVision, and Alternative Medicine pages – or present your Humana medical or dental ID card to your EyeMed provider

Your EyeMed provider will apply the discount directly to your purchase.

- **TruVision – 1-877-580-2020**

Traditional and custom LASIK to correct problems such as nearsightedness, farsightedness, and astigmatism, offered at more than 200 TruVision centers nationwide for less than \$1,000 per eye. Services include:

- Telephone screening
- Comprehensive eye exam
- LASIK procedure on an FDA-approved excimer laser
- Postoperative care
- Retreatment warranty

To schedule an exam, determine price, find a location in your area, or get more information, call a Customer Care specialist at **1-877-580-2020**.

Complementary and Alternative Medicine (CAM) discount program*

- Provided by Healthways WholeHealth Networks (HWHN), with more than 25,000 practitioners
To access CAM services:
- Participating providers can be found at <http://humana.wholehealthmd.com>.
- Select a provider through the Health & Wellness link of the Savings Center or call the Customer Care number on your member ID card.
- Present the Humana discount card below to receive the specified discount

It's that easy!

You don't need a referral to visit a participating massage therapist, acupuncturist, or chiropractor. However, some Humana health plans offer coverage for some CAM services, so use your insured benefits whenever possible.

*Not available in Arkansas, Tennessee, Oklahoma and where prohibited by law.

Please refer to your Certificate of Coverage/Insurance or Summary Plan Description for more information on the company providing your benefits.

Our health benefit plans have limitations and exclusions.

ER or urgent care center?

How to know where to go

Emergency rooms treat serious or life-threatening conditions. For non-emergency conditions, it's better to go to your doctor or an urgent care center.

When you can't see your doctor right away, an urgent care center is a good medical and financial alternative to an emergency room.

Here's why:

- Your wait will probably be shorter.
- Urgent care centers are often open evenings and weekends.
- You don't need an appointment.
- An urgent care center may be closer to your home or workplace.
- Your cost is usually lower than it would be at an emergency room. In fact, if you go to an emergency room for non-emergency care, you may have to pay the entire bill yourself.

The choice is yours. But remember: For treatment of a minor illness or injury, an urgent care center can save you time and money.

To find an urgent care center near you, log on to **Humana.com** and:

- Click "find a doctor"
- Select "Urgent Care Centers" under Provider Search at the right of the page
- Use your member ID or ZIP code on the pop-up window to find an urgent care center near you

Humana

[Humana.com](https://www.humana.com)

Cost of care and out-of-pocket fees are dependent on facility charges. Health Plans are offered/administered by the Humana Family of Insurance and Health Plan Companies. Please refer to your Benefit Plan Document (Certificate of Coverage/Insurance) for more information on the company providing your benefits. Our health plans have Limitations and Exclusions.

EAP and Work-Life Services

Your company understands that job satisfaction and higher productivity are best achieved when employees' personal needs are being met, and when their work and personal lives are in balance. That's why your company offers you EAP and Work-Life – to help you meet your unique personal needs and life events.

What is an EAP?

An Employee Assistance Program (EAP) offers short-term counseling up to three visits per issue per year to help you and members of your household manage everyday life issues. EAP professionals are available to assist you with:

- Everyday needs and life events
- Weight control
- Emotional issues
- Relationship concerns
- Family relationships
- Coping with a serious illness
- Sleeping difficulties
- Loss of a loved one
- Eating disorders
- Workplace concerns
- Smoking cessation

What is Work-Life?

Work-Life offers extensive assistance, information, and support to help you achieve a better balance between work, life, and family to help make your life easier. You can access information and self-search locators to find resources and providers that can help you with:

- Convenience services
- Housing options
- Child care
- Financing college
- Home ownership
- Caregiving from a distance
- Moving and relocation
- Finding colleges and universities
- Services and education for children with special needs
- Adoption, pregnancy and infertility
- Adjusting to retirement
- Locating services and care for older adults
- Pet care
- Finding schools
- Tutors and test prep
- Child development
- Recreational activities
- Consumer education

What is the Legal and Financial Program?

As part of the EAP, you also have access to a free 30-minute consultation with a local attorney or financial professional on issues such as real estate, retirement planning, divorce and separation, budgeting/debt reconstruction, and trusts and estates. Further legal and tax preparation services are discounted 25 percent.

What if I'm just looking for information?

You can access many useful articles, tip sheets, and checklists by calling or signing in to the EAP and Work-Life website. Many helpful topics are available, including relationships, communication, life in the workplace, and emotional well-being.

What else does the website offer?

It includes dozens of locators that allow you to search for health and wellness information, child care providers, adoption services, schools and colleges, daily living needs, older adult care, and much more. The site also offers calculators that can help you with everything from mortgage payment calculations to how much to save for your children's college education.

Who can use EAP and Work-Life?

All employees as well as household family members.

Who pays for these services?

Your company pays all costs when you and members of your household use the program. If additional assistance or services are needed, you will receive referrals that consider your preferences, medical plan, and financial circumstances. Please refer to your insurance plan booklet or your human resources department for specific information about your medical plan.

How do I access these services?

EAP and Work-Life are convenient, confidential and provided at no cost to you and members of your household. We're here 24 hours a day, seven days a week, so call anytime.

Life made easier.

Ready.

Have you ever been someplace new and felt lost? Chances are, all you needed was some basic information and you'd be good to go.

Figuring out the basics of HumanaVitality is no different. That's why we created this simple guide to get you started on the path to better health.

Set.

1. To get to your personal HumanaVitality website, go to HumanaVitality.com.
2. Register or log in to enter the secure website.
3. Take the HumanaVitality Health Assessment to begin earning Vitality Points™. This takes about 10-15 minutes.
4. Review your Health Results to receive your Vitality Age™ and find out more about your health status.
5. Set your personal goals, including scheduling a Vitality Check® and other healthy activities to earn more Vitality Points.
6. Review other opportunities to earn Vitality Points in categories like Healthy Living, Fitness, Prevention, and Education on your browser bar. Build Vitality Points to raise your Vitality StatusSM level and get bigger discounts.
7. Each Vitality Point you earn is worth one Vitality Buck®. Redeem your Vitality Bucks for rewards inside the HumanaVitality Mall.

Go. Setting goals.

1. From the HumanaVitality home page, click **View My Goals** under the **My Goals** section on your dashboard page.
2. For each recommended goal, click **View** to find out more about how the goal will help you. You also can access the **Set Goal** feature here.
3. Once you set a goal, it will appear in the **My Active Goals** section. Repeat the steps above to add more goals. Once you complete a goal within the specified time frame it will be saved. If the goal is not achieved it will reappear in your **Recommended Goals** section to be selected again.

Getting a Vitality Check®

After you complete your Health Assessment, the Vitality Check automatically becomes one of your Recommended Goals. A Vitality Check includes taking your physical measurements and a blood screening.

- Body mass index (BMI)
- Blood pressure
- Blood glucose level
- Cholesterol levels

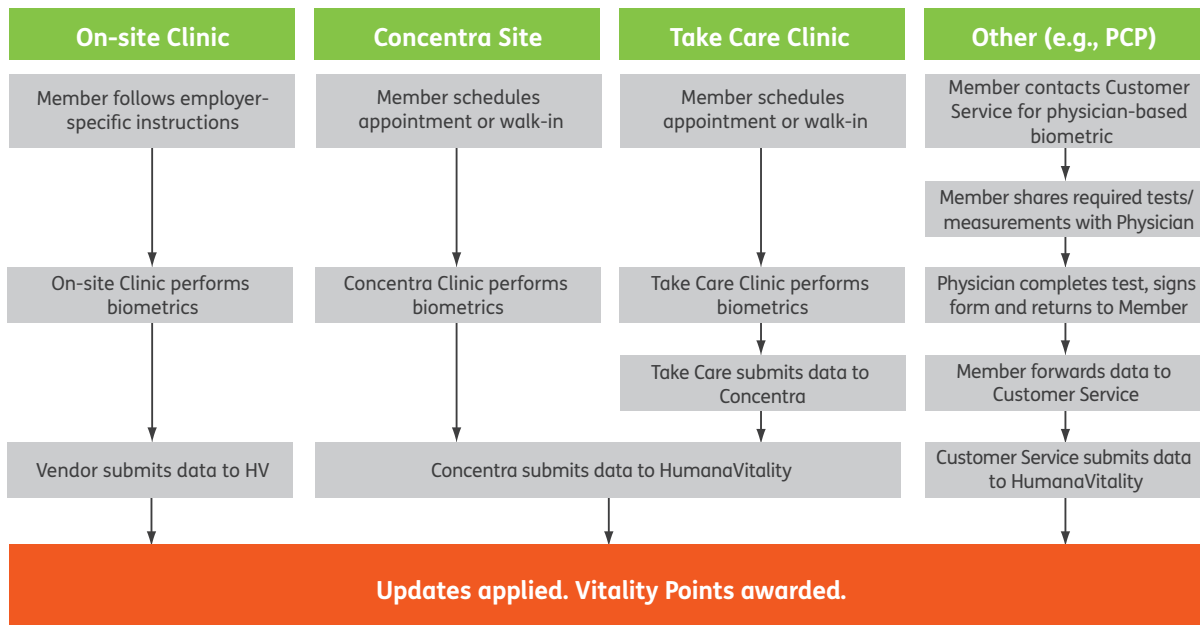

You'll earn 2,000 Vitality Points™ just for completing your Vitality Check. And you'll earn more Vitality Points for results in the healthy range.

**Still have questions about HumanaVitality?
Call the number on the back of your member ID card.**

Where to get your Vitality Check

There are several places that you can go to complete your Vitality Check, including HumanaVitality® partners Concentra®, The Little Clinic, or Walgreens Take Care™ clinics. If you prefer, you can visit your personal doctor*. Some employers even sponsor onsite Vitality Checks.

To find out more about Vitality Checks use the Get a Vitality Check link under Recommended activities. Then follow the link marked **FIND A SCREENING LOCATION**. There you will be forwarded to a Concentra site. Click on Screening Locations and Scheduling to find a location near you and links to location specific forms.

* If you visit your personal doctor, you'll need to print out and take a copy of the Personal Physician Vitality Check form for him or her to complete during your visit. Forms should be faxed or mailed using the directions included on the form. (For labwork results that may not be available during your doctor visit, a copy of the lab results can be attached to the form when submitted.)

Diabetic supplies

Understanding your pharmacy benefits

Humana Pharmacy Solutions®

There are many brands of diabetic supplies – glucose monitors and test strips – available through your pharmacy plan.

What are Humana's preferred diabetic supplies?

Roche Accu-Chek Nano®, Roche Aviva Plus®, Nipro TRUEresult®, and Prodigy Autocode® diabetic supplies are Humana's preferred diabetic supplies. Using preferred diabetic supplies can help you save money on your copayments or coinsurance.

Roche Accu-Chek Nano®

- No coding
- 0.6-microliter sample size means less blood
- Fast, accurate results in five seconds
- Pre- and post-meal markers

Roche Accu-Chek Aviva Plus®

- Pre-coded for the life of the meter
- 0.6-microliter sample size means less blood
- Fast, accurate results in five seconds

Nipro TRUEresult®

- No coding
- 0.5-microliter blood sample means less painful testing
- Results in as fast as four seconds

Prodigy Autocode®

- Test strips are no-coding and usable in all Prodigy meters
- Fast, reliable talking glucose meter
- Speaks English, Spanish, French and Arabic

You can get one of the preferred glucose monitors at no-cost, if you don't currently use one. These monitors use the preferred test strips – saving you time and money.

To order your no-cost monitor, call Customer Care at the number on the back of your Humana member ID card. A representative will order a monitor for you and have it mailed to your home. If you have the HumanaFirst® Nurse Advice Line, as part of your plan, you'll be directed to a nurse who can assist you with ordering your no-cost monitor and answer any diabetes-related questions you may have.

Humana
Pharmacy
Solutions®

Humana®

Humana.com

What if I'm using diabetic supplies that are not preferred?

Most plan types require your doctor to receive approval from Humana for diabetic supplies that aren't preferred. When this happens, it's called pre-approval – or “prior authorization.” Your plan will approve the use of non-preferred diabetic supplies after you've tried the preferred supplies and your doctor says they aren't right for you. Even if your plan approves a prior authorization, your copayment or coinsurance will be more than the payment of preferred supplies.

If your plan does not approve your request for a prior authorization for non-preferred diabetic supplies, you're responsible for all charges associated with those diabetic supplies.

Go to **Humana.com** and register for MyHumana, your secure website. You can use the Drug Pricing tool to look up pricing and check coverage for diabetic supplies. Please note that MyHumana is only accessible to Humana members.

Humana Plans are offered by Humana Medical Plan, Inc., Humana Employers Health Plan of Georgia, Inc., Humana Health Plan, Inc., Humana Health Benefit Plan of Louisiana, Inc., Humana Health Plan of Ohio, Inc., Humana Health Plans of Puerto Rico, Inc. License # 00235-0008, Humana Wisconsin Health Organization Insurance Corporation, or Humana Health Plan of Texas, Inc. - A Health Maintenance Organization, or insured by Humana Health Insurance Company of Florida, Inc., Humana Health Plan, Inc., Humana Health Benefit Plan of Louisiana, Inc., Humana Insurance Company, Humana Insurance Company of Kentucky, Emphesys Insurance Company, Humana Insurance of Puerto Rico, Inc. 2017 Rx4 Annual Changes

Effective January 1, 2017

Para visualizarlo en español, [haga clic aquí](#).

To view your full Drug List, [click here](#).

Welcome to Humana

The enclosed formulary, or Drug List, changes are effective January 1, 2017.

Please visit [Humana.com](#) and log in to MyHumana– your personal, secure online account – on or after your renewal date to view specific prescription medicine benefits, including copayments or cost-share, limitations and exclusions. You also can refer to your Certificate of Coverage/Insurance or Summary Plan Description/Policy of Insurance.

If you have questions:

- Prospective members: Call the Customer Care number listed in your enrollment materials
- Current members: Call the number on the back of your Humana member ID card

How to read your annual Drug List changes

Some covered medicines may have additional requirements or limits on coverage. Talk to your doctor or healthcare provider if your medicine has an additional requirement. These requirements and limits may include:

Coverage status (CVG): Certain medicines that were previously not covered under your plan benefits will be added to your Drug List for 2017, while other medicines that may have been covered in the past will be removed. Please note that if you fill or refill any medicine that is not covered under your plan benefits, you may have to pay the full cost of your prescription.

+ CVG (addition); CVG (no change); - CVG (removal)

Prior authorization (PA): Some medicines need to be approved in advance to be covered under your pharmacy plan. For these medicines to be covered, your doctor must get approval or prior authorization from Humana. Your plan benefits won't cover this medicine without prior authorization. Should you get the medicine first without the prior authorization, it would cost the full price.

+ PA (addition); +PA* (addition applies only to new prescriptions); PA (no change); - PA (removal)

Quantity limits (QL): You may have a limit on how much you can get of some medicines at one time. These limits can be placed on some medicines because of safety or healthcare concerns and help prevent misuse of these medicines.

+ QL (addition); QL (no change); - QL (removal)

Step therapy (ST): Sometimes more than one medicine works to treat a health condition. Some medicines may cost less but still work for you. Before a prescription is filled for a medicine that costs more, you may be asked to try at least one other medicine first.

+ ST (addition); +ST* (addition applies only to new prescriptions); ST (no change); - ST (removal)

Humana[®]

[Humana.com](#)

Specialty medications (SP): Specialty medications are typically high cost/high-technology medicines that need special dispensing and monitoring. Specialty medicine coverage varies by plan.

+ SP (addition); SP (no change); - SP (removal)

2017 Rx3 and Rx4 Formulary Alternatives List*

Effective January 1, 2017

In 2017, the drugs and supplies shown below are nonformulary for Humana's commercial Rx3 and Rx4 Drug List. You will pay the full price when you fill a prescription for nonformulary drugs and supplies. Please ask your doctor if one of the following formulary alternatives is right for you. If your doctor believes suggested alternatives won't work for you, he or she can request an exception from Humana by calling Humana Clinical Pharmacy Review (HCPR) at **1-800-555-2546. TTY: 711.** HCPR is available 8 a.m. – 6 p.m., Monday – Friday.
