Predetermination of benefits: For dental care that may cost you over \$300, your dentist will most likely submit a proposed dental treatment plan (known as a predetermination of benefits or prior authorization). Humana will use this information to determine if your dental benefits cover the proposed treatment. This predetermination of benefits must be granted before service is provided and will remain valid for up to 90 days after but is not a guarantee of what Humana will pay toward the treatment. **Before getting treatment, please confirm with your dentist they've received approval from Humana for your treatment plan and provided you a cost for services.**

Humana will reimburse out-of-network claims based on internal and external data (including FairHealth industry benchmarks) to establish reimbursement limits by geographic region. Out-of-network dentists may bill members for charges above the amount covered by the dental plan.
